

## PN&WM workshop

PN & WM 2006 Second International Workshop on Petri Nets and Their Applications to Workflow Management September 28, 2006  
Timisoara, Romania  
Workshop home page: [www.infoiasi.ro/~pnwm2006](http://www.infoiasi.ro/~pnwm2006)

Objective. PN&WM 2006 aims to bring together researchers and practitioners interested in Petri nets and their applications to coordination, workflow, and business process management. Topics of particular interest include:

- " formal methods (Petri nets, process algebras etc.)
  - " workflow management
  - " process modeling and enactment
  - " business process modeling
  - " process mining and process patterns
  - " verification, validation and performance analysis of business processes
- Organization. The workshop, a one-day event, is a satellite event of the "8th International Symposium on Symbolic and Numeric Algorithms for Scientific Computing SYNASC 2006" that is to be held in Timisoara, Romania, on September 26-29, 2006.

Submission. Papers are solicited reporting new results as well as experimental evaluation and comparisons of existing techniques. Papers must describe original work and must not substantially overlap with papers that have been published or that are simultaneously submitted to a journal or a conference with refereed proceedings. Submissions are limited to 8 IEEE style pages (for details see [www.infoiasi.ro/~pnwm2006](http://www.infoiasi.ro/~pnwm2006)). Important Dates

" Deadline for paper submissions: July 15, 2006

" Notification of acceptance: August 20, 2006

" Final version of papers due: September 1, 2006

" Workshop: September 28, 2006
